

Wearing masks

A lot of people are wearing masks, I will too!

These are masks. They come in different colors and sizes

When I put my mask:

1. I put one string around my ear
2. Then put the second string around my other ear.
3. Place over my face and pinch my nose

It is important that I wear my mask too! Wearing a mask can be fun.

Masks go over your mouth.

Lately, I have seen a lot of people wearing masks. Even people in my family are wearing masks.

Some people wear masks when going to the store, going to work, or going outside.
